2. BRIEF DESCRIPTION OF THE COMPANY'S WORKING DURING THE YEAR

We adopted a two-pronged strategy to market our LED PCB's. The first being to focus on the MSME segment of LED Light manufacturers. The product approval to volume order cycle in this segment is quite short thereby giving a quick fillip to the sales. We entered this market through a single selling arrangement with a Delhi based entity. The reason that we did not directly interface with this segment was that the business

was spread over a base of a large number of small to medium volume buyers and handling them from Lucknow would have been counterproductive both in terms of service and recovery. This approach yielded fair results, and by the second half of the year, we were nearing our cash break-even level.

The second segment was tapping the OE market of large branded manufacturers. The approval to volume cycle in this segment takes almost 90 to 120 days, and we were able to get approval in this quality conscious segment from a few of the players. But the next step to convert approvals into volume orders got hampered because of working capital issues. Expected fund infusion from the real-estate group housing project tapered off because of the slow down in the real estate segment as our leave & licence joint developers have come under massive cash crunch. So our foray in this segment would have to wait till the liquidity issues get straightened out. As per our reckoning, it would start looking up from the latter half of Q2 in the coming year.

3. DIVIDEND & RESERVES

In view of losses during the year under review, no dividend pay-out is being recommended and accordingly no question of appropriation of reserves arise.

PENALTIES / PUNISHMENT/ COMPOUNDING OF OFFENCES:

The Company was imposed a penalty of Rs.3.00 Lacs by SEBI for alleged non-disclosure of changes in shareholding (within promoters group during 2014, the period when the Company remained unlisted after reduction of Capital) to stock exchanges as required under regulation 13(6) of SEBI (Prohibition of Insider Trading) Regulations, 1992. The management decided to pay the penalty instead of preferring an appeal against the SEBI order dated 28.11.2017 as it considered preferring an appeal in higher courts would be an expensive process.

LINAKS MICROELECTRONICS LIMITED

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry structure & Development:

PCB industry consists of a handful of medium sized units and a number of small-scale units which are mostly independent i.e. they are not part of any large conglomerate excepting a couple of units.

The units were historically promoted by technocrat entrepreneurs who in the old days received bank finance easily to promote industrial growth. Most of these units were set up in mid 80's and some of them have ceased to operate.

The survivors are those, which from time to time have been investing in technology and capacity. Initially the units were manufacturing simple single sided and double sided PCBs, but now there are units like AT&S who are making PCBs with 24 layers, buried vias, 4 mil line and spaces, etc. In the area of single sided PCBs we have some units that are now manufacturing flexible circuits.

Still on the whole industry is small because the actual demand for PCBs for manufacturing various types of Electronic equipment is still not very large in India, largely due to screw-driver-kit-assembly nature of the Indian equipment industry.

Opportunities & Threats: The industry has a domestic market, which initially was driven by telecommunication, but thanks to the lopsided custom tariff structure telecom manufacturing has shallowed out resulting in steep decline in PCB demand. Although the telecom infrastructure has grown by leaps and bounds but the downstream electronic component demand has not seen any growth since all fresh demand for equipment has been met largely through imports. Thus, now the domestic requirement is dependent on diverse segments like automation, control, instrumentation, metering and automotive. Automotive electronics, though a massive growth engine, can be volatile as it is subject to global business swings in this connected world of automotive business with only a handful of players. The gradual easing of custom duties is happening on account of India being a signatory to ITA. But this threat is also an opportunity because it applies to the developed countries too who are still levying duty on Indian imports.

In fact India with a low cost technical manpower enjoys tremendous advantage as an export-manufacturing base and especially to the high cost developed countries of Europe and the US. The industry and moreover Linaks should leverage this advantage. The company is already working towards it as they have a clutch of regular and reliable customers in Europe and they are also in the process of developing new ones in Eastern Europe and Americas.

Risks and Concerns: The major risk the industry faces is of over dependence on one market segment and the industry in India, Linaks included has faced this prospect because many a times their fortunes have fluctuated with those of the telecommunication sector.

Then there is always the over riding concern of fast technological obsolescence, which entails constant drain on resources at times impeding ones capability to service one's customers.

Overview: On the whole the industry has a lot of promise provided one is able to keep up with the demands of the market place.

Financial performance: The financial performance is directly related to the company's ability to remain competitive.

Resource & Liquidity: Resource position would remain comfortable if the company is able to trade profitably and liquidity is the direct function of the above.

The company has not been able to meet its financial goals because due to extraneous circumstances it went into losses and the rehabilitation package drawn under BIFR has also been buffeted by the uncertainty of the market place.

Outlook: The outlook is positive as market-wise we do not see any major impediment in re-establishing ourselves. Our initial feelers in the PCB market and also to our old customers has met with encouraging results.

Internal Control System: Your Company's management continuously reviews the internal control system and procedures to ensure orderly and efficient conduct of business. Your Company adheres to its written corporate policies with respect to all transactions, financial reporting and budgeting to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition, and that transactions are authorised, recorded and reported correctly.

The Company regularly conducts internal audits either through external or internal resources to monitor the effectiveness of internal control in the organisation.

Audits are finalised and conducted based on internal risk assessment. Significant findings are brought to the notice of the Audit Committee of the

Board and corrective measures recommended for implementation. Reports of the internal auditor are also regularly reviewed by the Management and corrective action initiated to strengthen the controls and enhance the effectiveness of the existing systems.

Human Resources: The Company gives full and fair consideration to all employees with regard to their particular aptitudes and abilities. Training, career development and promotion are, as far as practicable, considered for all employees according to their skills and abilities. The Company consistently seeks to recruit, develop and employ throughout the organisation suitably qualified, capable and experienced people, irrespective of race, religion or sex. All decisions relating to employment practices are objective, free from bias and based solely upon work criteria and individual merit.

Our development, performance and rewards system is linked to organisation performance. The Company strives to provide excellent staff welfare measures to promote employee satisfaction and thereby attract and retain efficient manpower. Training needs are regularly identified and imparted with the help of both internal trainers and external professional faculties of repute. We have built team driven organisation where all employees work together to create our future.

Cautionary Statement: The statement made in this Report describing the Company's projections, expectations and estimations may be a forward looking statement within the meaning of applicable securities laws and regulations. These statements are based on certain assumptions and expectations of future events. Actual results may differ from those expressed or implied in this Report due to the influence of external and internal factors, which are beyond the control of the Company.

"ANNEXURE B" TO THE INDEPENDENT AUDITOR'S REPORT OF THE EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF LINAKS MICROELECTRONICS LIMITED ON THE FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB SECTION 3 OF SECTION 143 OF COMPANIES ACT 2013.

Section 143 of the Companies Act, 2013:

We have audited the internal financial controls over financial reporting of LINAKS MICROELECTRONICS LIMITED as on March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on, "The internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we

comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or

timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting: Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as on March 31, 2018, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".
